Of Hot Water Dispensers

Push Button
for GE Series only

Instant
CONVENIENCE

Continuous Hot Boiling/Cold Water
On Tap - Automatically

G & GE Series

INSTANT CONVENIENCE

- * In today's World, Convenience is the key word to all services.
- * One of the more menial tasks in any workplace or home is to provide hot water to prepare beverage drinks or food - on demand.
- * Convenience - The IDEAL Auto Dispenser can provide hot water on tap Instantly & Continuously - Day or Night - 24 hours a day.
- * Automatic - Designed for Convenience, the IDEAL Auto Dispenser fills itself, boil water automatically, ever ready for use any time.
- * Labour/Cost Saving - IDEAL requires no labour to operate, thus saves Cost and boosts Productivity in the workplace.
- * Energy Saving - IDEAL saves up to 40% Energy, i.e., compared to other means of boiling water as the unit is fully insulated & only uses energy when water is dispensed.
- * Space Saving - the IDEAL is Wall-Hung, thus requires no floor space.
- * Unique Instant Hot Design - with the IDEAL, the more water you use, the hotter the water becomes.
- * Standards, - IDEAL is made using ISO 9001 Management System to ensure Consistent Quality. IDEAL also meets Health Standards as the unit is made of Stainless Steel & Food Grade Material.
- * Low Operating Cost - IDEAL is designed to use water from Water Mains compared to using bottled water, which could cost thousands per year.
- * Fast Recovery - IDEAL Auto Dispensers are designed for fast recovery to provide hot boiling water (in 6 sizes) to suit homes, offices, factories, restaurants and institutions.

In offices - instant convenience - hot & cold or chilled on tap all day long.

In canteens & larger institutions - IDEAL provides cup after cup continuously.

In the home - IDEAL cuts cooking time by as much as 40%, besides the convenience of hot/cold or chilled drinks. IDEAL for the busy housewife.

Model	Capacity (200g cup)	Storage (litres)	Power (kw)	Recovery (200g cups)	Dimensions (mm)			Wt (kgs)
					H	W	D	
G& GE 5	25	5	2.5	135/hr	467	375	121	10.5
